---HALLOWEEN STORY---

We walked up the old wooden steps to the front door. The door creaked open and we went inside, sat down, and started to eat a chocolate bar, when...

... we heard a whisper we didn't understand what it said so we believed that was just the wind, so we continued to eat our chocolate bars . A few minutes later we heard this whisper again but this time I understood the voice. It said :"*Who entered this house won't leave this house*"

We all freaked out !We ran to the door, it was locked ,we were even more scared ,we sticked together and started with courage (not a lot though) to investigate ,we started to explore the house. It was a very small house but after a while I slipped on something, it was a trapdoor leading to the basement! We heard the voice again "*Stop investigating or I will kill you all!*" and I saw a blue light in the very dark basement. We agreed to go downstairs. The basement was the darkest place I'd ever seen ,I couldn't see my feet! The floor creeked, we were really scared but we continued. At some point, the floor changed, it became earth. A blue creepy light

was switched on, we were in a very old graveyard and we saw a very big door, 4 or 5 meters tall. We opened it, there was a very long corridor and a ghost in the middle, we screamed! The ghost cast a spell:"mortificus reveilles!" we were paralyzed with fear, we couldn't do anything. The ghost started to materialize, one of my friends fell as if he were dead and the ghost finished his materialization. He became a human being, he had black hair, a white skin like bones and he was all dressed in black. He put his hands in his pockets and took a knife, courageously I jumped on him, he fell and my friend took his knife and killed him. My other friend woke up. We ran to the exit and outside the weather was fine, the house disappeared and we went home at noon, scared.
